EXCERPT FROM D/FBIS DAILY LOG - 24 APRIL 1980

LN-D/FBIS

Mudra Co - blended

MEETING WITH AMBASSADOR HUMMEL. D/FBIS and I met with Ambassador Hummel concerning FBIS proposals relating to Islamabad. Ambassador Hummel had no real problems with our plan but asked numerous questions. He has approved the plan in principle provided the Government of Pakistan "acquiesces." He will handle the approach to the GOP himself when he returns to Islamabad. In the meantime, he suggests the FBIS engineer go ahead on TDY to discuss with Dave Fields, the Administrative Counselor, the question of space for the recording facility. We are now waiting for Islamabad to approve [redacted] TDY. One problem that may still give the Ambassador some qualms is the status of our PCS engineer. In response to my question, he does not want him reporting to [redacted]. He agreed that he could report to the Administrative Counselor. He also does not want to advertise FBIS' presence.
